

**Flight Operations Standards Directorate**  
**Commercial Air Transport Section - AOC Variation**  
**New Aircraft Type Added Approval Process Form**

<b>• Operator Name</b>			
<b>• AOC Holder Focal Point</b>	<b>Name</b>	<b>Telephone No.</b>	<b>E-Mail</b>

<b>1</b>	<b>PHASE ONE - PRE APPLICATION PHASE</b>	<b>Remarks</b>
----------	--	----------------

<b>a</b>	<b>AOC Holder to Submit the AOC Variation Letter of Intent</b>	
----------	--	--

(1)	AOC holder making an initial inquiry by submitting AOC variation letter of intent, subject: AOC variation - new aircraft type added approval to CARC Chief Commissioner	
-----	---	--

(2)	The chief commissioners will forward the letter of intent to the director flight operations standards and copy CARC responsible directorates for AOC variation	
-----	--	--

<b>b</b>	<b>Initial Meeting</b>	
----------	------------------------	--

(1)	Director flight operations standards will call for an initial meeting and the assignment of CARC directorates focal points	
-----	--	--

(2)	Meeting arrangements	<b>• Date</b>		<b>• Time</b>	
-----	----------------------	---------------	--	---------------	--

(3)	AOC variation team	
-----	--------------------	--

(a)	Flight operations standards directorate focal point name	
-----	--	--

(b)	Airworthiness standards directorate focal point name	
-----	--	--

(c)	Economic regulatory directorate focal point name	
-----	--	--

(4)	AOC holder focal point	
-----	------------------------	--

(5)	Objective. To advise the AOC holder focal point to thoroughly review the appropriate CARC regulations, directives and advisory materials and provide guidance concerning AOC variation - new aircraft type added. AOC holder will be briefed by the CARC responsible directorates focal points on:	
-----	--	--

(a)	The AOC variation process	
-----	---------------------------	--

(b)	The requirements of each CARC responsible directorates; and	
-----	---	--

(c)	The AOC variation application form - prospective operator's pre-assessment statement form and the instructions for completing the pre-assessment statement form	
-----	---	--

(6)	The flight operations standards focal point will provide the AOC holder focal point with the AOC variation application form - prospective operator's pre-assessment statement	
-----	---	--

**Flight Operations Standards Directorate  
Commercial Air Transport Section - AOC Variation  
New Aircraft Type Added Approval Process Form**

1	PHASE ONE - PRE APPLICATION PHASE				Remarks
c	<b>AOC Holder Forward the AOC Variation Application Form - Prospective Operator's Pre-assessment Statement</b>				
(1)	When AOC holder forward the AOC variation application form - prospective operator's pre-assessment statement, flight operations standards focal point will call CARC responsible directorate's focal point for a meeting to assess the AOC holder AOC variation application form - prospective operator's pre-assessment statement form; and				
(a)	If accepted, director flight operations standards will inform the AOC applicant focal point with the AOC variation initial acceptance subject to conduct a satisfactory quality system inspection; or				
(b)	If rejected; director flight operations standards will recommend in writing to CARC chief commissioner the rejection of the AOC applicant prospective operator's pre-assessment statement including reason(s)				
d	<b>Quality System Inspection</b>				
(1)	Inspection arrangement	• Date		• Time	
(2)	CARC will conduct quality system inspection on the AOC holder; and				
(a)	If operator meets JCAR OPS 1 requirement; director flight operations standards will recommends in writing to CARC chief commissioner to nominate AOC variation project manager and AOC variation focal points ; or				
(b)	If operator did not meet JCAR OPS 1 requirement; director flight operations standards will inform the AOC applicant focal point in writing the rejection of the variation including reasons(s)				
e	<b>Pre Application Meeting</b>				
(1)	The AOC variation project manager will call for the pre-application meeting				
(2)	Meeting arrangements	• Date		• Time	
(3)	AOC variation team				
(a)	AOC variation project manager name				
(b)	Flight operations standards focal point - Flight operations inspector name				
	• Cabin safety inspector team member name				
	• Ground operations inspector team member name				
(c)	Flight crew personnel licensing focal point name				
(d)	Airworthiness standards directorate focal point name				
(e)	Economic regulatory directorate focal point name				

**Flight Operations Standards Directorate  
Commercial Air Transport Section - AOC Variation  
New Aircraft Type Added Approval Process Form**

<b>1</b>	<b>PHASE ONE - PRE APPLICATION PHASE</b>	<b>Remarks</b>
(4)	AOC holder team	
(a)	AOC holder focal point name	
(b)	Flight operations post holder name	
(c)	Crew training post holder name	
(d)	Ground operations post holder name	
(e)	Maintenance system post holder name	
(5)	Objective. To determine that, the AOC holder has sufficient knowledge of the appropriate CARC regulations and implementation procedures for AOC variation - new aircraft type added requirements. The AOC holder will be briefed in details by the AOC variation team members on the 5 phase the AOC variation process, variation technical requirements and implementation procedures for each directorate and for each phase. The variation team will provide the AOC holder with their variation guide(s), application(s), form(s), compliance list(s) etc on soft and/or hard as applicable	
<b>f</b>	<b>Document Preparations/Amendment During Pre application Phase</b>	
<b>(1)</b>	<b>Economic Regulatory Directorate Documents - Financial, economic and legal matters Assessment</b>	
(a)	Economic regulatory directorate focal point will define the applicable financial, economic and legal matters for the AOC variation - new aircraft type added in accordance with JCAR Part 201	
<b>(2)</b>	<b>Flight Operations Standards Directorate Documents</b>	
(a)	New aircraft type added approval process form	
(b)	Operations manual part A	
(c)	Operations manual part B	
(d)	Operations manual part D	
(e)	Cabin safety procedures manual (CSPM)	
(f)	Ground operations procedures manual (GOPM)	
(g)	Airplane flight manual (AFM)	
(h)	Flight crew operating manual (FCOM)	
(i)	Flight crew quick reference hand book (QRH)	
(j)	Passenger briefing cards	
(k)	Arrangement / contract for ground handling operations - passenger and/or cargo handling operations	
(l)	Minimum equipment list (MEL)	
(m)	Airplane security search check list	
(n)	Emergency evacuation demonstration plan	
(o)	Demonstration flight plan	
(p)	Airplane(s) bill of sale; and/or airplane lease agreement	

**Flight Operations Standards Directorate  
Commercial Air Transport Section - AOC Variation  
New Aircraft Type Added Approval Process Form**

<b>1</b>	<b>PHASE ONE - PRE APPLICATION PHASE</b>	<b>Remarks</b>
(q)	Flight synthetic training devise (FSTD) approval to use - ZFTT approval application form	
(r)	Approval of outsource training and checking application form - if applicable	
(s)	Arrangement for type rating examiners approval, line check captains approval and line training captains approvals	
(t)	Arrangement and dates for flight crew operator conversion course	
(u)	Arrangement and dates for cabin crew conversion and difference course	
(v)	Arrangement and dates for aircraft dispatchers conversion training course	
(w)	Arrangement and dates for ground operations personnel training	
(x)	Program /arrangement for satisfying crew of inexperienced crew members	
<b>(3)</b>	<b>Flight Crew Personal Licensing Application Attachments.</b>	
(a)	Foreign TRTO approval for ratings issuance - if applicable	
(b)	Arrangement/application for foreign license(s) validation issuance - if applicable	
(c)	Arrangement/application for type rating instructor(s) and examiner(s) temporary authorization approval	
(d)	Arrangements for type rating instructor(s)	
<b>(4)</b>	<b>Airworthiness Standards Directorate Documents</b>	
(a)	Refer to CARC Form 18-0318	
<b>g</b>	<b>Pre-application Meeting Summary</b>	
(1)	After the completion of the pre-application meeting, the AOC variation project manager will prepare a minutes of meeting signed by the AOC variation team members and the AOC holder focal point that declare the following:	
(a)	The AOC variation team statement that, they had briefed the AOC holder team about the directorates requirements for each phase of the AOC variation and had provided the AOC holder team with and/or guided them to CARC website for their directorates guide(s), application(s), form(s), compliance list(s) etc applicable for the AOC variation; and	
(b)	The AOC holder focal point statement that, the AOC holder team had been briefed about directorates requirements for each phase of the AOC variation and had received and/or guided to CARC website for each CARC directorate guide(s), application(s), form(s), compliance list(s) etc applicable for AOC variation	
(2)	The pre-application meeting completion date is based on the last signatory of the AOC variation project manager minutes of meeting by the AOC variation team and the AOC applicant focal point	

**Flight Operations Standards Directorate**  
**Commercial Air Transport Section - AOC Variation**  
**New Aircraft Type Added Approval Process Form**

<b>1</b>	<b>PHASE ONE - PRE APPLICATION PHASE</b>				<b>Remarks</b>
<b>h</b>	<b>Document Evaluation During Pre application Phase</b>				
(1)	After the signatory of the AOC variation project manager minutes of meeting by the AOC variation team and the AOC holder focal point				
(a)	The AOC applicant starts the preparation for financial, economic and legal matters assessment for the AOC variation in accordance with JCAR Part 201				
(b)	The Economic regulatory directorate focal point will conduct the applicable financial, economic and legal matters assessment that ensures AOC holder meets JCAR Part 201 requirements for the AOC variation				
<b>i</b>	<b>Pre-application Phase Summary</b>	<b>Accomplished Date</b>	<b>Initial</b>	<b>Remarks</b>	
(1)	The pre-application phase completion date is the date of the Economic regulatory directorate issuance of the PEOL/letter that confirms AOC holder meets JCAR Part 201 requirements for the AOC variation and AOC holder completion of formal application preparation				

**Flight Operations Standards Directorate  
Commercial Air Transport Section - AOC Variation  
New Aircraft Type Added Approval Process Form**

<b>2</b>	<b>PHASE TWO - FORMAL APPLICATION PHASE</b>				<b>Remarks</b>
<b>a</b>	<b>Formal Application Meeting</b>				
(1)	The AOC variation project manager will call for the formal application meeting coordinated with the AOC holder focal point. The formal application meeting date will be on the same day of the AOC holder submitting the formal application				
(2)	Meeting arrangements	• Date		• Time	
(3)	AOC variation team				
(a)	AOC variation project manager name				
(b)	Flight operations standards focal point - Flight operations inspector name				
	• Cabin safety inspector team member name				
	• Ground operations inspector team member name				
(c)	Flight crew personnel licensing focal point name				
(d)	Airworthiness standards directorate focal point name				
(e)	Economic regulatory directorate focal point name				
(4)	AOC holder team				
(a)	AOC holder focal point name				
(b)	Flight operations post holder name				
(c)	Crew training post holder name				
(d)	Ground operations post holder name				
(e)	Maintenance system post holder name				
(5)	Objective. To ensure that, the AOC applicant has submitted the AOC variation formal application; formal application attachments review the variation process and establish a common understanding on the future procedure for the AOC variation approval process				
<b>b</b>	<b>Formal Application Attachments</b>	<b>Submitted Date</b>	<b>Initial</b>	<b>Remarks</b>	
(1)	Copy of economic regulatory directorate PEOL/letter confirming that; the AOC holder meets JCAR Part 201 requirements for the AOC variation - new aircraft type added				
(2)	Copy of the AOC Variation Study Fee Slip				
(3)	Cover Letter for the Formal Application				
(4)	New Aircraft Type Added Approval Process Form - This Form

4	PHASE FOUR - DEMONSTRATION AND INSPECTION PHASE	Accomplished Date	Initial	Remarks
<b>a Demonstration and Inspection Schedule</b>				
(1)	The AOC variation team members will provide the AOC holder with their directorate's demonstration and inspections required for AOC variation, and will ask the AOC holder to provide them with the demonstration and inspection schedule for each directorate and to copy the AOC variation project manager			
(a)	Flight operations standards directorate required demonstration and inspections letter			
(b)	Airworthiness standards directorate required demonstration and inspections letter			
(2)	The AOC variation team members will review the demonstration and inspection schedule proposed by the AOC holder applicable to their directorate and to agree on with the AOC holder			
(a)	Flight operations standards directorate letter			
(b)	Airworthiness standards directorate letter			
<b>b Flight Operations Standards Directorate Inspection</b>				
(1)	Flight crew training records inspection			
(2)	Cabin crew training records inspection			
(3)	Flight dispatchers training records inspection			
(4)	Flight dispatch - release inspection			
(5)	Operations control inspection			
(6)	Handling personnel training records inspection			
(7)	Ground operations inspection			
(8)	Ramp inspection			
(9)	Emergency evacuation demonstration inspection			
(10)	Route inspection			
<b>c Airworthiness Standards Directorate Inspection</b>				
(1)	Refer to CARC Form 18-0318			
<b>d Demonstration and Inspection None Compliance.</b> The AOC variation team members shall provide the AOC holder with the demonstration and inspection none compliance applicable to their directorate in writing and to set a meeting(s) for the none compliance debrief if needed and to copy the AOC variation project manager				
(1)	Flight operations standards directorate demonstration and inspection none compliance letter			
(2)	Airworthiness standards directorate demonstration and inspection none compliance letter
