A-RNP Airworthiness Approval Process Form

• Name of the Operator			
• Address			
• Applicant Focal Point	Name	Telephone No.	E-Mail

Aircraft Manufacturer, Model and Series	Aircraft Registration	List(s) of A-RNP equipment by make and model attachment(s)

I	Airworthiness application's attachments	Attachment no./ref.	Submitted		Inspector comments
			Yes	No	
(a)	Airworthiness documents showing A-RNP compliance AFM, AFM Revision, AFM Supplement or Type Certificate Data Sheet (TCDS) showing that aircraft is A-RNP eligible. Manufacturer statement; Aircraft with a manufacturer statement documenting compliance. If Aircraft is modified/or in process to be modified to meet A-RNP standards. Submit the documentation and records of modification.				
(b)	A-RNP system requirement The operator must have a configuration list and, if necessary, an MEL detailing the required aircraft equipment for A-RNP operations. The optional TOAC capability must be documented if included in the approval.				
(c)	Maintenance program <ol style="list-style-type: none"> 1. For aircraft with established maintenance procedures for A-RNP systems, the list of references of the document or program. 2. For recently installed A-RNP systems, the maintenance procedures for review. 				
(d)	Minimum equipment list (MEL) if applicable showing provisions for A-RNP systems. Any MEL revisions necessary to address A-RNP provisions must be approved. Operators must adjust the MEL, or equivalent, and specify the required dispatch conditions.				
(e)	Training Training program for maintenance personnel (CAMO and AMO)				
(f)	Policies and procedures (P&P) Continuing Airworthiness P&P (CAME) sections and checklists attached to the application corresponding to A-RNP configuration and eligibility.				
(g)	Navigation database (if carried) Details of the navigation data validation program
